

# Webinar series

## Don't Fear the Fire!

Your composite can handle it now!

Q2 Webinar focus: **CONSTRUCTION**

Attend our **webinar series** and discover how our RED coating both protects your composite from fire to pass necessary regulations and provides UV and outdoor weathering resistance.

Our next webinar is on

**Thursday 20th May 2021**

Finnester has developed, tested and commercialized a new, ground-breaking coating technology

Trevor Fielding

Ari Hokkanen

Presenting live from Finland

May 2021

**20**

CEST 11:00 – 12:00

BST 10:00 – 11:00

EEST 12:00 – 13:00

**[Register by email!](#)**

If the above link does not work then please send an email to [trevor.fielding@finnester.fi](mailto:trevor.fielding@finnester.fi)

---

## **AFTER OUR WEBINAR YOU WILL KNOW:**

How you can pass fire test requirements, without changing your composite?

How our fire test laboratory can help you achieve the required goals?

What exciting new opportunities does our technology create?

---
