# B2B Match- making Energy Storage Systems

INVITATION  
Tuesday,  
10th July 2018  
9.30 h

TZA Technology  
Centre Aachen (D)  
Hall 1

A Cross Border Matchmaking Event

## B2B Matchmaking Energy Storage Systems

Energy storage systems are one of the most attractive growth markets for the future. They comprise not only batteries but also mechanical, thermal, chemical, electronically and power to gas (P2G) solutions. In the framework of this huge segment, we would like to bring companies in the EMR together, connect you among each other and support you in participating in this dynamic market. We are looking at the complete value chain, from the material system to the finished components and also the services.

The I2M matchmaking event will tackle various subjects of energy storage systems. Besides key-note speeches to inform you about actual market trends and future orientations in this market segment, we organise smaller workshops in order to work on your synergies in the HYPEREGIO. We invite you to use the opportunity to find your perfect cross-border match!

**We look forward to welcoming you!**

## HYPEREGIO – I2M

Find your Perfect Match!

Do you have a particular "close-to-the-market" innovation and are you looking for complementary cross-border business partners to realize marketable solutions?

HYPEREGIO – Innovation2Market supports you in boosting your mature innovation (TRL 5-8), which is still in a pre-competitive stage!

- Join our interdisciplinary application- and B2B-oriented **euregional events and matchmakings**
- Benefit from the support of our **BDS-managers**, connecting you to other SMEs and – if needed – major enterprises or knowledge institutions
- Receive your B2B-innovation voucher: Each starting cross-border SME-based R&D consortium is supported by a free **€ 6,000 grant** to develop its innovation
- And benefit from our **assistance in finding** suitable **European and regional fundings** to realize your joint innovation project
