B2B Brokerage Workshop E-Mobility meets Lightweight

INVITATION
Wednesday,
20 February 2019
9.30 h
RWTH Aachen
Campus (D)

A Cross Border Matchmaking Event

B2B Brokerage Workshop E-Mobility meets Lightweight

The growing impact of lightweight materials and design in the automotive industry is undisputed. Global trends go towards resource efficiency and environmental friendliness. Material savings, reduced fuel consumption and CO₂ emissions are key to success.

At our event, you will get to know entrepreneurs, SMEs and institutes in our cross-border HYPEREGIO, the traditional home of the RWTH Aachen University and its clusters for lightweight and production technologies or more recently, e.GO and StreetScooter.

Source: e.GO Mobile AG

We support you in finding your right cooperation partner for your projects in this dynamic and future-oriented market. We are looking at the complete value chain, from the raw material producer to OEMs and services.

Keynote speeches inform about market trends, future orientations, speed dating and matchmaking services allow to work on your synergies.

We look forward to welcoming you!

Your HYPEREGIO partners

HYPERREGIO – I2M

Find your Perfect Match!

Do you have a particular "close-to-the-market" innovation and are you looking for complementary cross-border business partners to realize marketable solutions?

HYPERREGIO – Innovation2Market supports you in boosting your mature innovation (TRL 5-8), which is still in a pre-competitive stage!

- Join our interdisciplinary application- and B2B-oriented **euregional events and matchmakings**
- Benefit from the support of our **BDS-managers**, connecting you to other SMEs and – if needed – major enterprises or knowledge institutions
- Receive your B2B-innovation voucher: Each starting cross-border SME-based R&D consortium is supported by a free **€ 6,000 grant** to develop its innovation
- And benefit from our **assistance in finding** suitable **European and regional fundings** to realize your joint innovation project
